DTX 900K

FEEL THE DIFFERENCE

The **DTX900K** is built around the DTX900 Drum Trigger Module and fully equipped with DTX-PAD drum pads. It is versatile and professional in every sense and feature. Although large in sounds and features, it is compact in size thanks to the RS 130, an electronic drum rack born from Yamaha's extensive drum manufacturing division.

DTX DRUMS

THE PERFECT STUDIO PAD SET FOR SMALL MONEY

The new **DTX 560K/DTX540K** Electronic Drum Kits are the perfect choice for the aspiring drummer. The DTX500 module is responsible for the pro-quality sound, while the new XP70 toms (7.5 inch) and a XP80 as a snare (8.5 inch) belong to the family of the best & most realistic drum pads ever made. Outstanding value in a professional configuration that is perfect for the studio.

DTX 530K / 520K

REAL HI-HAT ACTION IN COMPACT SIZE

The **DTX530K** allows true drum playing techniques to be developed. The DTX-SILICONE PAD for the snare and the hi-hat pad – mounted on a normal hi-hat stand – deliver an absolut authentic playability while the DTX500 Drum Trigger Module renders an outstanding sound. Also the new **DTX520K** Electronic Drum Kit leverages our existing TP-pad technology in order to bring down the size, weight & cost. The **DTX530K** features two 3-Zone Cymbal Pads and a hi-hat on a real hi-hat stand.

DTX DRUMS

DRUMS FOR EVERYONE! WELCOME TO THE TRIBE!

Even though the **DTX400K** is the smallest kit in the new DTX400 line-up it has a very special feature: Thanks to the new kick unit KU100 the playing of the bass drum is so silent that the neighbours don't have anything to complain about. Yamaha provides pleasure of playing drums to everyone.

DTX400K

ENJOY THE SOUND

Our DTX monitor systems are designed to perfectly fit with the DTX Electronic Drum range. The satellite speakers fit directly onto the rack systems. The addition of a subwoofer provides the widest possible depth of sound. These Monitor systems are perfect for home rehearsal or as stage monitor systems that will project the full power of your performances. There are three systems with a variety of power levels available: MS40DR, MS50DR, and MS100DR.

- **SATELLITE SPEAKERS FITS ONTO RACK SYSTEM**
- **NATURAL STEREO WITH RICH LOW FREQUENCY SOUND WITH SATELLITE SPEAKERS AND SUBWOOFER**
- **COMPACT SIZE AND EASY TO OPERATE**

MS40DR:
- 2 x 20 W 2-way satellites plus 40 W subwoofer
- Speaker units: Satellite speakers: Tweeter 3/4" dome Midrange: 3" cone
- Subwoofer: 6,5" cone

MS50DR:
- 2 x 20 W 3-way satellites plus 50 W subwoofer
- Speaker units: Satellite speakers: Tweeter 1" dome Midrange: 2" cone Woofer: 4" cone
- Subwoofer: 8" cone

MS100DR:
- 2 x 40 W 3-way satellites plus 100 W subwoofer
- Satellite speakers: Tweeter 1" dome Midrange 2" cone Woofer: 4" cone
- Subwoofer: 10" cone
